USB adapter for operating USB-A devices such as keyboards and mice with USB-C sockets

Many notebooks, tablets and smartphones are only equipped with USB-C ports. In order to continue to operate your USB-A devices such as mice, keyboards, headsets, gamepads, storage media, etc., you need an adapter. The CHERRY USB-A / USB-C adapter has a high-quality aluminum housing and scores with its small dimensions.

This makes it easy to operate, for example, classic keyboards on a Mac or other devices with a USB-C socket.

Advantages

- Robust aluminum housing
- Compact dimensions – perfect for “on the go”
- Suitable for all devices with an USB-A connector
- Suitable for notebooks and tablets with USB-C socket
- Data transfer up to 5 Gbit/s (USB 3.0)
- OTG compatible
